Subject: Lead Region Stuff

Hi Deb,

I meant to catch up with you in person this week. But I was only able to attend the EMC meeting on Wednesday and had to leave early at that.

Andrew Baca and I did talk to Calle briefly on Tuesday. We talked about a couple of Region 8 matters, including the Uinta FIP, the Florence Copper meeting for the Administrator, and the Deway/Burdock briefing later today. In my absence, Andrew was going to work with Calle to prep Jane as appropriate.

We also talked briefly about the transition. One thing that occurred to me during that discussion is whoever becomes Acting DRA will, I assume, take over the Lead Region executive role. When you decide who it will be and it becomes public knowledge, let me know and I will be happy to brief him or her on the Tribal program and other matters.

Hope you had a good trip back. Call me if you need anything. Talk to you soon.

Regards,

Randy Hill
